

TO: Honorable Members of the United States House Committee on the Budget; Honorable Members of the United States House Committee on Appropriations

Dear Honorable Members:

We write to ask you to stand up for equal justice for all Americans and vote against President Donald Trump’s proposal to cut all funding for the Legal Services Corporation. For over four decades, the LSC has provided essential financial support for nonprofit legal aid programs throughout the nation, which serve close to two million low income Americans annually. Its elimination would place legal help out of reach for those who need it most. Over eighty percent of the legal needs of the American poor are unmet and LSC serves as one of the only providers of direct legal help for these American citizens.

The LSC provides urgently needed services on an extremely low budget. Since its formation, the budget of the LSC has declined continuously, dropping almost forty percent over the last three decades. Only 5000 attorneys serve a nation with over 60 million low-income people eligible for needed assistance. Funding for direct legal services for LSC clients comes to just \$5.85 per eligible person per year, and would drop dramatically if federal funding was cut.

These federal grants are highly cost-effective. Over thirty studies show that legal aid delivers vastly more in benefits than it costs. Every dollar invested in legal aid on matters such as domestic violence and veterans’ benefits saves American taxpayers down the line in the social consequences of family violence and homelessness. This legal aid helps poor Americans meet their most basic human needs and prevents exploitation of highly vulnerable groups: veterans, the elderly, disaster victims, and impoverished children.

The LSC has prioritized increasing self-reliance within the legal system. Assistance for self-represented parties is the primary offering at offices receiving federal support. LSC has also been on the frontline of using technology to make the legal system more accessible. Their Technology Innovation Grant (TIG) program assists programs to make their practices more cost effective.

Over four fifths of Americans support the provision of civil legal aid to those who cannot afford it. They understand that “equal justice under law” is one of our nation’s core principles. LSC is essential to our continued realization of that ideal. Please stand with us against the proposed defunding of the LSC.
