Re: Public Records Act (PRA) Request Received on January 12, 2018

Dear [REDACTED]:

This letter is in response to your PRA request, received via e-mail, in which you requested the Department of Developmental Services (Department) to provide the following information:

- Office of Administrative Hearings (OAH) decisions pertaining to the Lanterman Act from July 1999 to the present; and,
- Welfare and Institutions Code (WIC) section 4731 complaints for the past five years.

Consistent with your discussion with the Department's Assistant Chief Counsel, Jason Scott, records available for the requested OAH decisions and WIC section 4731 complaints and will be provided. These records will be available to you as soon as possible.

You also subsequently requested data on the number of consumers enrolled in the Home and Community-Based Waiver program compared to the total number of consumers living in the community (excluding consumers residing in developmental centers, and children who have not yet been diagnosed with a developmental disability) per regional center. The Department has determined that disclosable public records are available.

Pursuant to California Government Code section 6253(b), the Department is authorized to charge \$.10 per page for copying costs and costs associated with data extraction. [REDACTED]
