STUDENT VISA

You will need to obtain a student visa (referred to as Student's Pass) to study at NUS. The Office of the University Registrar will email you the Student's Pass application instructions at least one month before the start of the semester. You will collect your Student's Pass after you arrive in Singapore, but you will need to complete a few steps online prior to your arrival.

If your Student's Pass application is approved, the Singapore Immigration and Checkpoints Authority (ICA) will issue you an In-Principle Approval (IPA) letter. If you require a visa to enter Singapore, you can print the IPA letter and use it as a single-trip entry visa. Otherwise, you may enter Singapore as a tourist.

An Offsite Enrolment (OSE) exercise will be held on campus for you to complete the enrolment for your Student's Pass (during Registration). If you are unable to attend the OSE, you will be asked to make an appointment directly with ICA.
